### Heartbeat through tears

Broadway road farewell my lady  
All I know as love's not mine  
About this bitter pill of feeling  
Is but divine.

Far more -as ashes turn to ceilings  
As graveyards cherry blossoms shine-  
Than fate's arcades entwined and shady  
Lines of vine

I fear the fluids crawling slowly  
crushing softly, briskly, fine  
Outlines of a war made healing  
through eyes' brine.

All I know: I lost a kingdom,  
All I have is ribbon rhyme,  
All I give is damned hell hol(e)y,  
All I am : forever thine
