

Fantastic world

*We' re living in a fantastic world
where everything is possible. (x2)*

But success is not for free,
there has a long-life fight to be.
So if you have a strong big dream,
you have to stand up to be seen.
Raise up your voice to scream
and work harder than the average.
Don't give up, it often seems
much more worse than it really is.

*We' re living in a fantastic world
where everything is possible. (x2)*

Open the door and go outside.
Don't just watch and do not hide.
Open the door, open your mind
'cos to waste, there's not enough time. (x2)

*We' re living in a fantastic world
where everything is possible (x4)
with some effort and with will.*
