

Johnny

Johnny doesn't go to school anymore

Johnny's in the backyard
shooting cans with his gun
shooting cats and pigeons
tanning in the sun

Johnny doesn't go to school anymore

It's a very hot day
Johnny doesn't even go
in the backyard anymore

he steals the bully
in the front of his house
drives it down the rural roads
'till he thinks the fuel is gone

but there is still left a lot

Johnny doesn't go to school anymore
